groundhogs day occurs every february 2nd in the United States. according to tradision, when a groundhog comes out of it's burrow on this day and seas that its cloudy, spring will come early. If the groundhog comes out of it's burrow and it is sunny, and thus sees its shadow, winter will persist for six more weeks and the groundhog will retern to it's burrow.

Answers

Groundhog's Day occurs every February 2nd in the United States.

According to tradition, when a groundhog comes out of its burrow on this day and sees that it's cloudy, spring will come early. If the groundhog comes out of its burrow and it is sunny, and thus sees its shadow, winter will persist for six more weeks and the groundhog will return to its burrow.
