

Letter of Marque

Name: _____

A letter of marque was sort of like a “license” issued by kings and queens to pirate rival ships. A pirate with a letter of marque was expected to plunder treasure vessels and bring the gold and jewels back to the king or queen.

Play the role of a pirate who has just obtained a letter of marque. You have been asked by the queen to fill out a pirate license. Make sure your pirate picture is a “pirate” version of yourself
